Level Two, Modules 4-6 Curriculum

Once a school has completed Level One (Modules 1-3), they may apply for Level Two courses and once approved, begin with Module 4. Schools are not required to continue through the other modules unless they choose to do so. However, modules must be taken in sequence.

Students will receive certificates for completing a module, a diploma when they complete Modules 4 through 6. The students' final project will be to go on a mission trip preferably with AFCM's One World Missions or plan and carry out an evangelistic outreach in their community.
